## LABOR DAY IN LOUISVILLE.

Big Meeting Is Addressed by Secretary Morrison, of American Federation of Labor.

Louisville, Ky.—All Louisville joined in celebration of Labor day. No parade of any kind was held, the principal event being a large meeting held by the Trades and Labor Assembly at Phoenix Hill Park, where Frank L. Morrison, secretary of the American Federation of Labor, was the principal speaker. He said in part: "The most determined effort will be made by the Federation to secure an amendment to the Sherman anti-trust law that will enable the supreme court of the United States, or any court, to place the narrow construction upon it instead of the broad construction of the haters' Loewe case. It is now considered by all who have studied the proposition without bias that the framers of the Sherman anti-trust law never intended that it should be applied to labor unions. The American Federation proposes to continue to fight for the enactment of such legislation as will prevent judges from issuing injunctions upon the behalf of corporations for the purpose of intimidating the members of organized labor in the case of a strike. The Federation will continue its effort to secure an amendment to the eight-hour law so that it will apply to contractors and sub-contractors, as was originally intended when the law was first enacted."

A woman named Gee, of Hopkinsville, his sweetheart, made the affidavit upon which he was arrested. C. C. Monroe, of Lexington, a negro, is being held at Elkton on a similar charge, preferred by two negro teachers. Kirtley's mail was very heavy during the time he was at the state school here.

## TEMPERANCE LESSON

Sunday School Lesson for Sept. 26, 1909  
Specially Arranged for This Paper

LESSON TEXT.—1 Cor. 10:23-33. Memory verse 24.

GOLDEN TEXT.—"Let every one of us please his neighbor for his good to edification."—Rom. 15:2.

Suggestions and Practical Thought. In the Arena at Corinth.

Let us in imagination to-day sit in the great Corinthian amphitheater, looking down upon Christians struggling with temptations, and perplexing questions of duty, and evil passions, as they had often seen gladiators trying to overcome wild beasts and armed antagonists, and ready to spill the last drop of their blood to gain victory.

The Christian church was living in this arena, and trying to live and teach a pure and heavenly life. There arose many moral problems and questions, two of which come before us in our lesson for to-day.

The first problem was concerning the Sabbath. How strictly could they keep the Sabbath where there were no Sabbath laws or customs; where the whole machinery of life moved on the plan of all days alike? What holy days should they keep—the Christian anniversaries, the Jewish, the Christian Sabbath—and how should they keep them?

The other problem was concerning food offered to idols. This was the most generally perplexing question for a small band of Christians living in Gentile cities like Corinth. To some extent the Jews had prepared the way for its solution. The importance of this problem is hard for us to realize. Paul discusses it at length in Romans 14, and his discussions in 1 Corinthians begin as far back as the eighth chapter. Much was to be said pro and con.

There was much to be said on both sides, and there was danger of a rupture in the church.

Paul's Counsels as to the Settlement of These Questions.

With what weapons and in what spirit Christians should gain the victory.

1.—Stand by Your Personal Liberty. "Ye, brethren, were called for freedom." Gal. 5:13.

"Why is my liberty judged by another conscience?" 1 Cor. 10:29.

2.—But control your Liberty by the Law of Love. "All things are lawful, but not all things are expedient. All things are lawful, but not all things edify." 1 Cor. 10:23.

"Let no man seek his own, but each his neighbor's good." 1 Cor. 10:24.

"It is good not to eat flesh, nor to drink wine, nor to do anything whereby thy brother stumbleth." Rom. 14:20, 21.

3.—Keep Your Conscience Pure. "Happy is he that judgeth not himself in that thing which he approveth." Rom. 14:22.

"Each one of us shall give account of himself to God." Rom. 14:12.

4.—Consider the Effect Upon the Conscience of Others.

"Let us not therefore judge one another any more; but judge ye this rather, that no man put a stumbling block in his brother's way or an occasion of falling." Rom. 14:13.

5.—The Practical Conclusion.

"Wherefore, if meat causeth my brother to stumble, I will eat no flesh forevermore, that I cause not my brother to stumble." 1 Cor. 8:13.

"Even as I also please all men in all things, not seeking mine own profit, but the profit of many, that they may be saved." 1 Cor. 10:33.

In the Arena of Modern Life.

The author of Hebrews pictures us in the world as in a huge amphitheater where mighty contests are going on; while encompassing us, like the crowds on the seats of the stadium watching the games, are a great cloud of witnesses. The heroes he had been describing in the previous chapter, heroes who had gained the victory, are looking down upon us from heaven to see how the battle is going with us. But the one that concerns us at this hour is intemperance. What shall be our attitude toward the use of strong drink which prevails everywhere, and is doing so much mischief?

Paul's principles which he enunciated to the Corinthians and to the Romans apply to us.

And we should meet the question practically, as the author of Hebrews taught the Christians of his day.

"Wherefore seeing we also are compassed about with so great a cloud of witnesses,

"Let us lay aside every weight and the sin which doth so easily beset us

"And let us run with patience the race that is set before us,

"Looking unto Jesus the author and finisher of our faith;

"who for the joy that was set before him endured the cross, despising the shame,

"and is set down at the right hand of the throne of God."

The Goodness of God.

God is a kind Father. He sets us all in the places where He wishes us to be employed, and that employment is truly "our Father's business." He chooses work for every creature which will be delightful to them, if they do it simply and humbly. He gives us always strength enough, and sense enough, for what he wants us to do; if we either tire ourselves or puzzle ourselves, it is our own fault. And we may always be sure, whatever we are doing, that we cannot be pleasing him if we are not happy ourselves.—John Ruskin.

## Expenses, Regulations, Opening Days.

Berea College is not a money-making institution. All the money received from students is paid out for their benefit, and the School expends on an average upon each student about fifty dollars a year more than he pays in. This great deficit is made up by the gifts of Christian and patriotic people who are supporting Berea in order that it may train young men and women for lives of usefulness.

OUR SCHOOL IS LIKE A FAMILY, with careful regulations to protect the character and reputation of the young people. Our students come from the best families and are earnest to do well and improve. For any who may be sick the College provides doctor and nurse without extra charge.

All except those with parents in Berea live in College buildings, and assist in work of boarding hall, farm and shops, receiving valuable training, and getting pay according to the value of their labor. Except in winter it is expected that all will have a chance to earn as much as 35 cents a week. Some who need to earn more may, by writing to the Secretary before coming, secure extra employment so as to earn from 50 cents to one dollar a week.

PERSONAL EXPENSES for clothing, laundry, postage, books, etc., vary with different people. Berea favors plain clothing. Our climate is the best, but as students must attend classes regardless of the weather, warm wraps and underclothing, umbrellas and overshoes, are necessary. The Co-operative Store furnishes books, toilet articles, work uniforms, umbrellas and other necessary articles at cost.

LIVING EXPENSES are really below cost. The College asks no rent for the fine buildings in which students live, charging only enough room rent to pay for cleaning, repairs, fuel, lights, and washing of bedding and towels. For table board, without coffee or extras, \$1.35 a week in the fall, and \$1.50 in winter. For room, furnished, fuel, lights, washing of bedding, 40 cents a week in fall and spring, 50 cents in winter.

SCHOOL FEES are two. First a "Dollar Deposit," as guarantee for return of room key, library books, etc. This is paid but once, and is returned when the student departs.

Second an "Incidental Fee" to help on expenses for care of school buildings, hospital library, etc. (Students pay nothing for tuition or services of teachers—all our instruction is a free gift). The Incidental Fee for most students is \$5.00 a term, \$6 in Academy and Normal, and \$7.00 in Collegiate courses.

PAYMENT MUST BE IN ADVANCE, incidental fee and room rent by the term, board by the half term. Installments are as follows:

FALL—14 weeks, \$29.50,—in one payment, \$29.00. Installment plan: first day \$21.05, (including \$1.00 deposit), middle of term, \$9.45.

WINTER—12 weeks, \$29.00,—in one payment, \$28.50. Installment plan: first day \$21.00 (including \$1.00 deposit), middle of term \$9.00.

SPRING—10 weeks, \$22.50,—in one payment, \$22.00. Installment plan: first day \$16.75, (including \$1.00 deposit), middle of term \$6.75.

SPRING—4 weeks term for those who must leave for farm work, \$9.40.

SPRING—7 weeks term for those who must leave for teachers' examinations, \$16.45.

REFUNDING. Students who leave by permission before the end of a term receive back for money advanced as follows: (No allowance for fraction of a week.)

On board, refund in full.

On room and "Special Expenses," there is a large loss occasioned by vacant rooms or depleted classes, and the Institution will refund only one-half of the amount which the student has paid for the remaining weeks of the term.

On Incidental Fee, students excused before the middle of a term will receive a certificate for one-half the incidental fee paid, which certificate will be received as cash by Berea College on payment of term bills by the student in person, or a brother or sister, if presented within four terms.

The first day of Fall term is September 15, 1909.

The first day of Winter term is January 5, 1910.

The first day of Spring term is March 30, 1910.

For information or friendly advice, write to the Secretary.
